

Communicating on Cue

In support of the mission-oriented flying, FAASTeam Lead Rep & instructor Mike Montefusco will be presenting a relevant discussion on dealing with complex airspace and radio communication associated with each. As many pilots serving with AFSC deal with large airspaces like the Houston/Hobby area, this will be a very appropriate discussion. See the attached flyer for full details of the event.

Directions: From I-35W north to Exit 74 turn east on to FM 1171 then turn right on first intersection on to Cleveland Gibbs Rd. We are the second hangar on the right. From the mid cities areas HWY 114 or 377 to Roanoke, take US 377 to 1171, turn left (westbound) on 1171 to Cleveland Gibbs Rd. We are the second hangar on the right. From Lewisville and North Dallas areas, proceed to Lewisville, take 1171 westbound until reaching Cleveland Gibbs Rd. (almost reaching I-35W). We are the second hangar on the right.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
